

RASCALS

BREWING COMPANY

WEDDING

EVENT SPACE HIRE

THE ULTIMATE WEDDING VENUE

With a Difference

Thank you for enquiring about holding your wedding at Rascals HQ. We host a limited number of weddings each year and hope that yours will be one of them!

We help every couple who choose Rascals create an experience that they won't find anywhere else. Our cosy 120-seater restaurant offers you and your guests the chance to enjoy your special day in a unique and memorable setting.

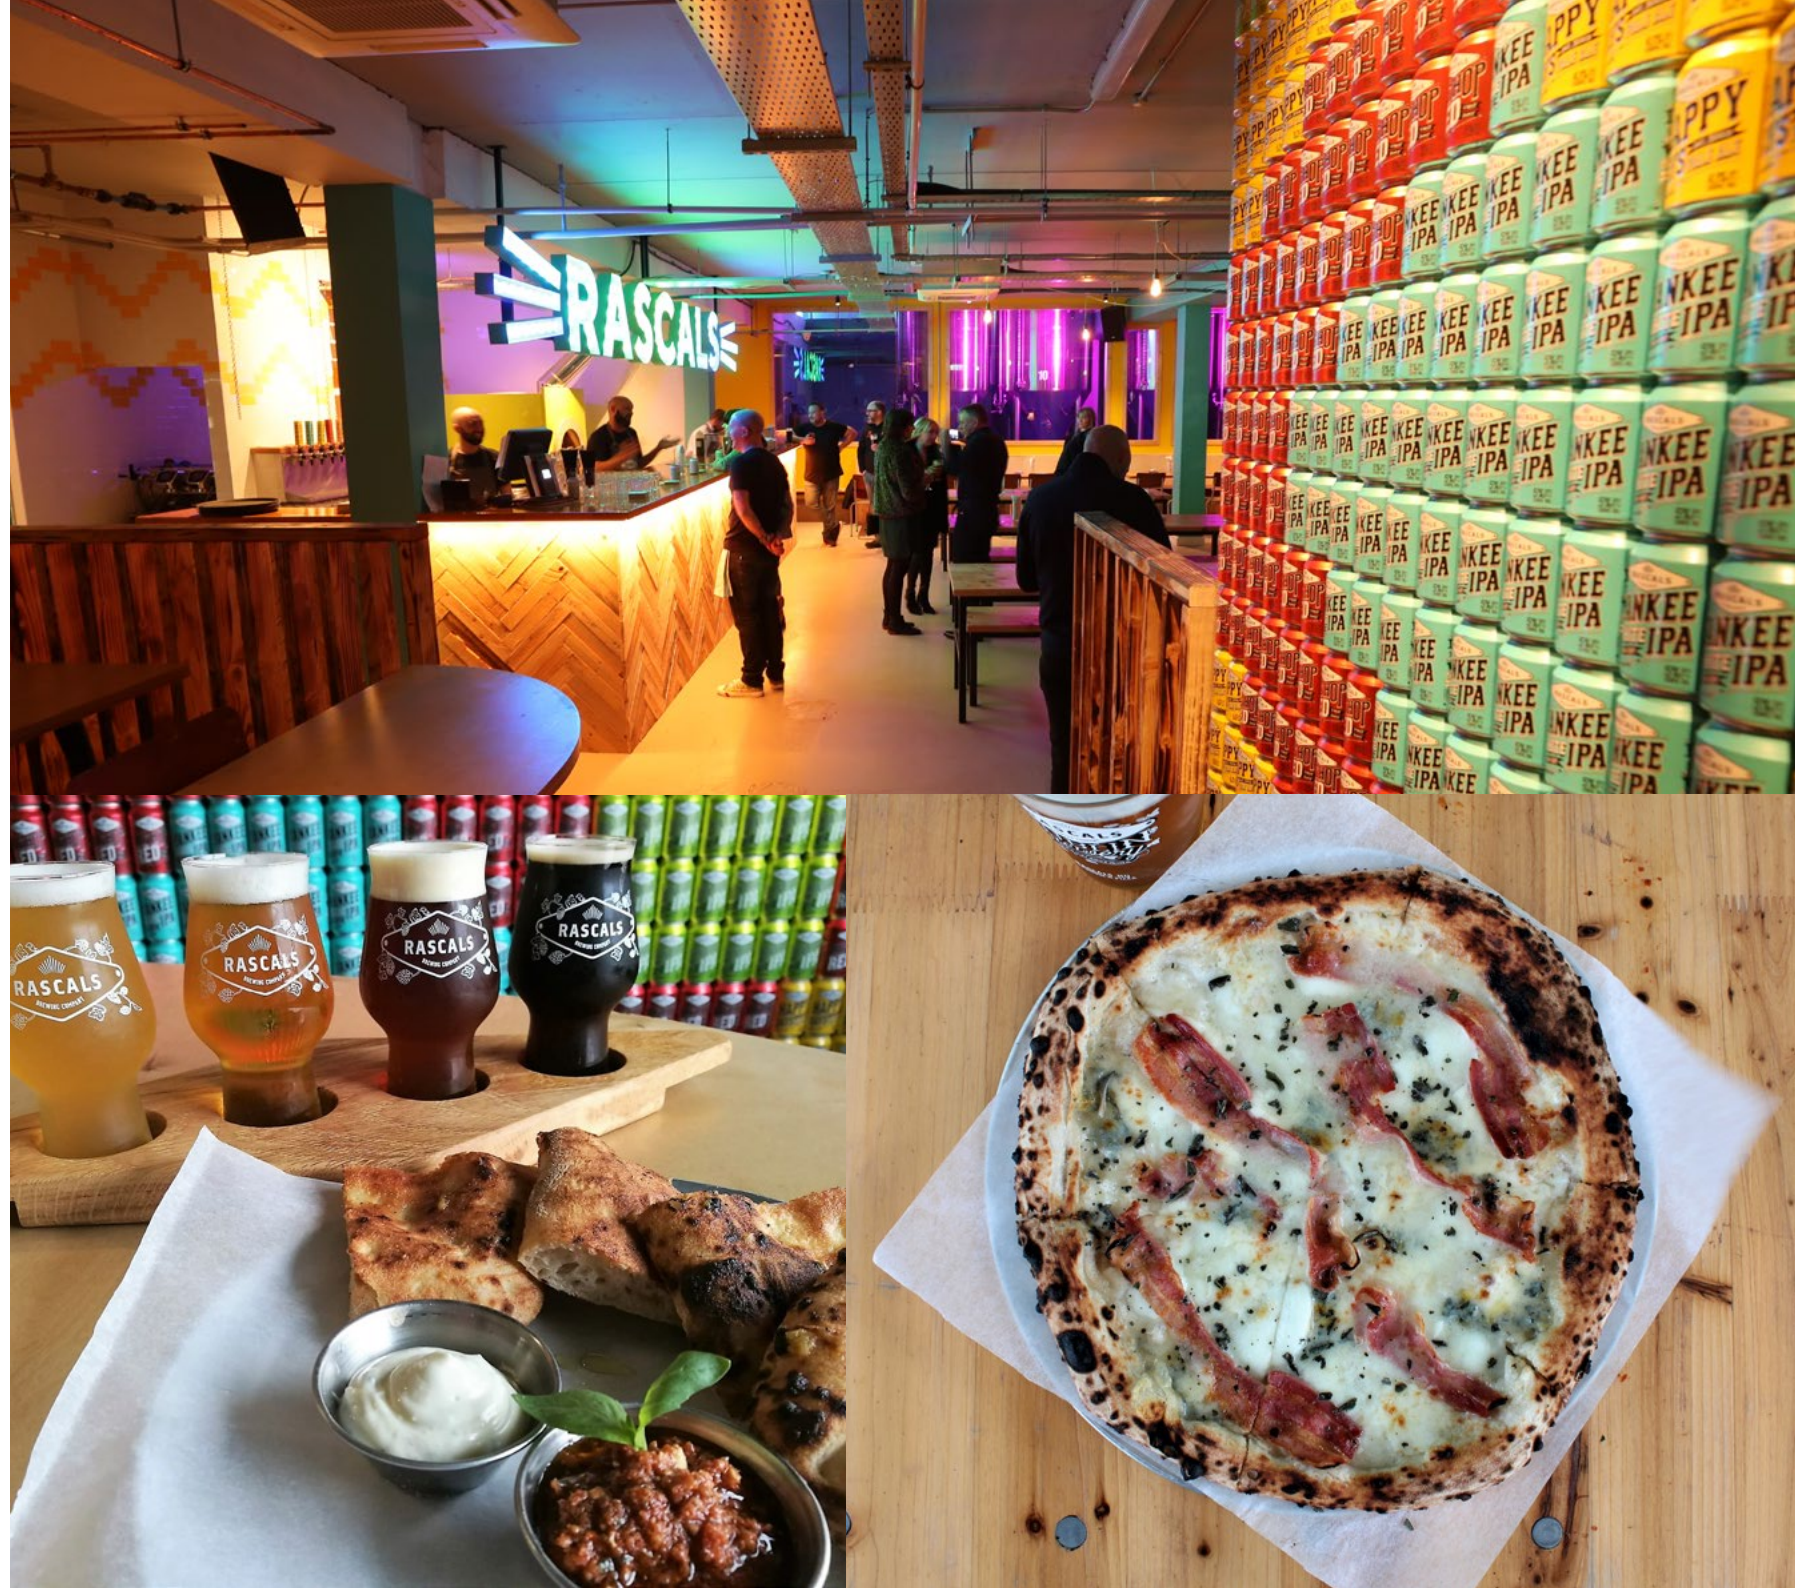

The spacious, well-lit venue, with its laid back vibe and quirky but charming furnishings, will be exclusively yours for the day. The view of our fully functioning brewery offers a special backdrop and the high ceilings and open plan set it apart from conventional wedding venues.

We offer a wide range of highly rated wood-fired pizzas for your guests, with all dietary requirements catered for, as well as starters, salads, mixed platters and of course desserts.

You even have the option of hiring a food truck in addition; we have plenty of space at the front of our building if you wished to get a taco truck or ice cream van for the evening.

Our award-winning beer is what made us famous and you'll be guaranteed its freshness, pouring straight from tank to tap.

We have stouts and lagers as well as our core range of ales and special brews for the more adventurous drinker. We'll even rename some of our core beers just for the occasion!

We are totally flexible on how you'd like to decorate the venue: consider it a blank canvas! Our priority is your enjoyment and the happiness of each and every guest.

Email venuemanager@rascalsbrewingco.com to arrange a visit.

We have our own list of experienced DJs, should you require one, all of whom have played in our venue before. We can also recommend a photographer for the big day.

We had our wedding party in Rascals Brewery on New Year's Day 2019, we wanted somewhere laid back and fun for our 'day 2' celebrations and we were certainly not disappointed.

The food offering was fantastic, the pizza is the best in Dublin in my opinion and the platters were also delicious.

More importantly is the beer, so many interesting flavours to try and it was flowing all night (there's wine too if you're not into beer).

The staff were amazing, especially since they were working on New Year's Day. Nothing was ever too much to ask for and they even put up with our terrible dancing. Thank you, Rascals, for the most perfect wedding party.

Viki and Pat

We were looking for an alternative to a traditional wedding party and Rascals was the perfect choice.

We had a fantastic wedding party and all our friends and family had a great time. The staff were great and put on a great night for us with tasty craft beers and amazing pizzas as well as a brewery tour!

The Rascals team made the whole event from months before until the day itself a stress free, well-handled event in a really unique venue. We would highly recommend!

Jean and Seamus
